National Association of State Treasurers	Chris Hunter, Deputy Executive Director	Chris@StateTreasurers.org	(202) 630-0064

The National Association of State Treasurers (NAST) provides advocacy and support that enables member states to pursue and administer sound financial policies and programs benefiting the citizens of the nation.

The NAST ABLE Committee, made up of ABLE state administrators and program managers from across the country, provides leadership on federal legislative and regulatory issues that impact state treasuries and other state agencies that administer ABLE plans. The Committee engages in outreach to federal agencies and national disability organizations. NAST also provides ABLE-related education and awareness and fosters ongoing dialogue among state treasurers, state plan administrators and program managers to further interstate collaboration and to strengthen ABLE programs nationwide.
