Brief History of Illinois ePAY

Michael W. Frerichs
ILLINOIS STATE TREASURER

INVESTED
IN you

The State Treasurer's Office began offering electronic payment processing in 2002.

- **Governing State Statutes**
 - Deposit of State Monies Act (15 ILCS 520)
 - State Treasurers Act (15 ILCS 505)
 - Governmental Joint Purchasing Act (30 ILCS 525)
 - Local Government Acceptance of Credit Cards Act (50 ILCS 345)
- **Participation base includes both state agencies (mandated by statute) and local governments**
- **Coordination of State Payment Processing**

Why a Statewide Payment Processing Program?

Michael W. Frerichs
ILLINOIS STATE TREASURER

INVESTED
IN you

While most states offer electronic payment processing services for their own agencies, few open those services to their local governments.

**Local Governments
receive better pricing,
higher level of service**

**Local Governments can
provide better service to
constituents**

**Local Governments
can bypass RFP
process**

BY THE NUMBERS

(rolling 12-months ending 30 JUNE 2025)

Total Processed
\$ 2,854,814,325

Total Transactions
16,374,383

Participants
534

**Participants with
Illinois Funds
Accounts**
414

Merchant IDs
~3,092

- Training ranges from an introduction to the latest cybersecurity threats to advanced hands-on simulations and how to respond

Impact of ePAY

Michael W. Frerichs
ILLINOIS STATE TREASURER

INVESTED
IN you

- School District has **over 530 individual schools** and well as Administration & Transcripts, Driver's Education, Employee Benefits Billing and Payroll Services
- CPS has had **more than one** case of embezzlement by a district staff member.
- District needed to have central **control and oversight** of all payment processing.
- STO worked to implement payment sites for each school ensuring **consistency and efficiency** with CPS Central Office having access & oversight to all activity.
- During the second quarter of 2025, CPS processed **\$7.3M dollars** safely and securely through ePAY.

UNIVERSITY
OF ILLINOIS
SYSTEM

- **University of Illinois System** includes campuses in Champaign-Urbana, Springfield and Chicago
- Main campus is like a "village" with medical & dental services, union bookstore, cafes, parking lots and more
- Merchant Card Services has **single point** of oversight and control
- Implemented payment sites, over **650 POS Terminals** and several integrations & file exchanges as well as **Customized Reporting** to assist with reconciliation.
- University of Illinois System has **327 MIDS** that processed close to **\$43M dollars** in 2Q2025.

- Elk Grove has a population of 32,812 but has a very robust offering for payment types they collect.
- Elk Grove needed central **control and oversight** of all payment processing, funding and reconciliation.
- The village currently collects payments for Water/Sewer Bills, Permits, Licenses, Police Tickets, General & Misc. Bills as well as an integration for their adjudication through DACRA software.
- STO worked to implement an intricate payment site ensuring proper data collection as well as **consistency, efficiency and ease of reconciliation**.
- During the second quarter of 2025, Elk Grove processed **\$2M dollars** safely and securely through ePAY.

Smaller Local Governments Benefit!

Michael W. Frerichs
